3. Login to the opencart backend and go to the Extensions - Payments

4. Look for “Payment21® Instant eCheck™” and click “Install”

5. After it is installed, click “Edit”

- Now enter your Payment21<sup>®</sup> details. (Company ID, User Name and User Password provided by Payment21<sup>®</sup>), then enable the Status and set the Sort Order to your preference and save your settings.

The screenshot shows the OpenCart Administration interface. At the top, there is a blue header with "OpenCart | ADMINISTRATION" on the left and "You are logged in as admin" on the right. Below the header is a navigation menu with links for Dashboard, Catalog, Extensions, Sales, System, Reports, and Help. On the right side of the menu are links for Store Front and Logout. The main content area shows a breadcrumb trail: Home :: Payment :: Payment21 Instant eCheck. Below this is a form titled "Payment21 Instant eCheck" with "Save" and "Cancel" buttons. The form contains the following fields: Company ID (text input), User Name (text input), User Password (text input), IP Address (text input with a "Reset" link), Status (dropdown menu set to "Disabled"), and Sort Order (text input).

**Note:**

If your transaction is rejected, it is possible that you entered the IP address during your signup process with Payment21<sup>®</sup> incorrectly. Please contact [support@payment21.com](mailto:support@payment21.com) to get this corrected.

Sort order of display refers to the payment module sort order: The lower the number - the higher the preference, with 0 representing the top choice.

- Your setup is now complete! See below the user experience.
